Benefits

- Well balanced, high quality protein and amino acid supplement.
- Provides essential protein for muscle mass and maintenance during training and competition, commonly deficient in grain and roughage rations.
- Provides correct balance of critical bone mineral nutrients, preventing demineralization through dietary imbalances.
- Provides essential co-factors in calcium absorption and metabolism often deficient in stored grains and roughages.
- Allows varying of the grain portion of the diet depending on individual energy requirements.
- Palatable and non-siftable.
- Specifically tailored for stabled, high performance horses to maintain optimum growth, performance and tissue repair.

DIRECTIONS FOR USE/CONTRAINDICATIONS

Avoid mixing through a dampened or wet feed/mash due to possible odour.

IMPORTANT NOTE: To ensure optimal growth rate and bone development, Ranvet 500 Plus Stud Formula should be used prior to commencing training or high performance.

DOSAGE RATES

300-600g daily added to the ration. Ideally, pellets should be divided equally between morning and evening feeds.
